

 **MONIRON**

DEC IN BLACK

Moniron Dec Multi

Specially Designed for Processing Euro Banknotes

Ultimate protection
against counterfeit
banknotes for
your business.

Moniron Dec Multi **Black Edition**

New version of MONIRON Dec Multi is the best choice for retail business. The dark body color matches perfectly the POS terminals and other POS equipment, as well as it makes the detector practical in use.

Tested and Certified

Moniron DEC Multi is 100% tested by the European Central Bank.
